

Year 4 – Summer Activities

<p>Try your hand at leaf rubbing! You can make some amazing pictures. https://youtu.be/YZnWsgODRww</p>	<p>Draw a map of Shoreditch Park. Label as many places as possible. Does X mark the spot for hidden treasure?!</p>	<p>Create a new superhero! What would they be called? What superpowers would they have? Draw them.</p>	<p>If you have access to an iPhone or iPad, have a go on GarageBand and see if you can recreate a great track!</p>	<p>Practice your coding at Hour Of Code – easy to pick up coding lessons. Start with Dance Party for great music to accompany your coding https://hourofcode.com/uk/learn</p>
<p>Write a book review of a book you've just read? What did you like about it? Re-tell the story (without giving away the ending). What were the main characters? Would you recommend it?</p>	<p>Write a journal of the school holidays. It doesn't have to be every day, just when something happens. Remember the style of writing you use for a diary.</p>	<p>Help out in the kitchen to do some baking or cooking. Remember your maths for conversion for weight and volume</p>	<p>Write a letter to someone famous (alive or dead). What would you ask them? What would you tell them about yourself and the strange times we're living in?</p>	<p>Go for a walk around your neighbourhood with an adult. Look for entrances to getting underground. Look at the buildings – how old do you think some of them are? How can you tell? Are there any rivers or canals near you? Walk along them and see how they're used today and think about how they might have been used in the past. What clues can you see to give away their secrets?</p>
<p>Create your own wordsearch! Choose a theme and then draw up a grid and write your words in it – up, down, left to right, diagonal. Be sneaky and write some backwards. Then fill in the rest of the grid with random letters and copy out your list of words below and then challenge someone to find them all!</p>	<p>Do a self-portrait! Surround it with images of what makes you who you are!</p>	<p>Find your favourite toy and see if you can sketch it. Colour it in with crayons or felt-tips or just do it black and white with pencil</p>	<p>Do a Joe Wicks workout! (tip – the earlier ones are easier than the later ones!). See if you can do the full half hour.</p>	
	<p>Keep a gratitude diary Write about your day and 5 things you are grateful for.</p>	<p>Help your grown up to make dinner and write the recipe to share with others.</p>	<p>Write a letter to the new year 3's. What advice would you give to them?</p>	<p>Make up your own secret code e.g. 1 = A, 2 =B, 3 = C.</p>
